Josh Smith, requested by board member Kelly Smith, is looking into the electrical outlet situation at the pool to have more access not all on one breaker.

The Board has decided to hold on major purchases at the pool until we know if/when we will get to open

Pool manager Julie Schisler has concerns because many of the guards need training and there is currently nothing available d/t COVID 19. Will continue to monitor.

It was noted that the Hickman pool is currently being painted by Columbia Parks and Rec. Anne Sievers has some experience painting pools and would be willing to discuss. Parks and Rec. recommended getting quotes from Westport Pools out of St. Louis or Capri Pools. These quotes will be pursued.
